

FACES IN THE SUN: Culling Dimensions of the Feminine Spirit

A Re-membering Retreat for Women Guided by
Carla Woody

with special guest teacher
Carol Kennedy

The depth of our connections to the beauty within us is a gift we return to our origins. In sacred reciprocity intent becomes the sister guiding us. Discovering the circles of our own lives as females and nurturing our natural heritage, welcomes us to the deep recognition of who we are at the core. From that source, the landscape we journey is transformed. Drawing on world spiritual traditions and archetypes of the ages, what was mythology becomes reality.

Join us for this Earth-centered retreat where we will call upon the ancient knowledge that is resident within us. Allow yourself to travel to the place where you naturally see and listen and then move through the threshold to a richer existence. Through sharing, ceremony, meditation, artistic expression and other experiential means we will:

- ☼ Celebrate the sacredness of our Feminine Spirit and attune to the Core Self.
- ☼ Direct the energy of intent as fuel for the passage.
- ☼ Embrace the gift of any struggle and shift limiting beliefs.
- ☼ Learn how to trust the body-mind as a measurement of your own alignment.
