

FACES IN THE SUN:

Initiating Seed to Blossom

with

Carla Woody

Author and Spiritual Guide

and

Peggy Fontenot

Keeper of Ceremonies

Saturday, April 12, 10 a.m. to 6 p.m.

The depth of our connections to the beauty within us is a gift we return to our origins—and intent becomes our guide. Giving life to inner seed potential and nurturing our natural heritage initiates deep recognition of who we are. From that sacred source, the landscape we journey is transformed. Drawing on world spiritual traditions and archetypes of the ages, what was mythology manifests to reality.

Join us for this Earth-centered retreat and call upon ancient inherent knowledge. Allow yourself to travel to the place where you naturally see and listen and then move through the threshold to the blossoming beyond. Through storytelling, sharing, ceremony, clearing ritual and other experiential ways we:

- ☼ Initiate the seeding of our birthright and attune to the Core Self.
- ☼ Direct the energy of intent as fuel for this rite of passage.
- ☼ Embrace the gift of any struggle and shift limiting beliefs.
- ☼ Learn how to trust the body-mind as a measurement of your own alignment.

Carla Woody...author of *Portals to the Vision Serpent*, *Standing Stark* and *Calling Our Spirits Home*...founded Kenosis LLC, based in Arizona, in 1999 to support human potential through spiritual travel journeys with Native spiritual leaders in Peru, Mexico, Guatemala and Hopi. In 2007, she founded Kenosis Spirit Keepers, a nonprofit helping to preserve Indigenous wisdom traditions. Carla is the developer of “The Re-Membering Process”, a model for spiritual growth. For 20+ years she’s worked with those seeking to live through their deeply held values, integrating NLP, energy medicine, ritual and other sacred ways to instill lasting transformation.

Peggy Fontenot is the steward of Tranquility Point Sanctuary and Keeper of Ceremonies. Her Native American blood called her to walk the good Red Road and “conjuring”—weaving energy with medicine ways. Influences from the Lakota family who adopted her and many years’ involvement with Indigenous peoples in New Mexico and South Dakota influence her calling today. Peggy is a sacred pipe carrier and leads sweat lodges, as well as integrating the beauty way of Tibetan Buddhism and her Catholic upbringing.
